The Congo a Valley of Death.

sociation — a league of zed nations formed for the African Association — a feague of certain civilized nations formed for the purpose of setting up and protecting free state in the valley of the river Congo—high hopes have been enter-a tained of that country, and brilliant predictions of its future have been uttered in both Europ² and America. Henry M. Stanley's reports have serred to draw fresh attention to the great valley whose commercial possibilities have been subjected for or century, but how nonly to a few enterprising traders, who pushed up the great river from the sea and established barter with the said many have a many state of the country known to the world then natives in a limited and primitive way. Stanley's last expedition, the object of which was to thoroughly explore the Congo and establish a line of commercial stations at suitable intervals along of the country known to the world than had ever been done before, Missionaries and traders have gone in and, until recently, encouraging reports have come back. Now, however, an adverse report reaches us. The United States had a hand in the work of the International African Association, and through its agent to the Conge, Mr. N. P. The City Attorney reported that in the control of the purchase of the Loss report down to the work of the International African Association, and through its agent to the Conge, Mr. N. P. The City Attorney reported that in the control of the purchase of the Loss report down the control of the purchase of the Loss report down the control of the purchase of the Loss report reaches us. The United States had a hand in the work of the International African Association, and through its agent to the Conge, Mr. N. P. The City Attorney reported that in the control of the purchase of the Loss reported that in the control of the purchase of the Loss reported that the control of the purchase of the Loss reported that in the control of the purchase of the Loss reported that in the control of the purchase of the Loss reported that in the control of the purchase of the Loss reported tha hat in cleaning up a strip of 500 feet long San Pedro street, two men were during the strip of 500 feet uployed fee days. toils not nor spins, but depends up Nature to feed him from a tree.

Reuben E. Fenton.

make placer mining either pleasant or profitable, and where the average citi-

Ex-Governor Fenton of New York, dropped dead in his office in Jamestown yesterday, his malady being heart disease. He was Governor of New York in 1865-9 and was elected to the United States Senate at the close of his guber.

disease. He was Governor of New York in 1985-9 and was elected to the United States Senate at the close of hig gabranatorial term. During President Grant's first term Senator Featon to broke with the administration on account of the disposition of the political patronage of New York, the President, as Mr. Fenton thought, having put too much of that patronage into the hands of Senator Conking.

The result was that Fenton, from being a protestant within the ranks of the Republican party against - President Grant's Grarce, became an out-and-cut opposent, and finally drifted into the Independent Hepublican movement, that culminated in the disastrous again into the hands of Senator Conking.

The result was that Fenton, from being a protestant within the ranks of the Bomoratic party studied finally drifted into the Independent Hepublican movement, that culminated in the disastrous against every disastron to the Mr. Biacaliza more of the most disastrous defeats it ever sustained in a national contest. Mr. Fenton, who did not originally intend to desert the Republican party, thus found himself arrayed side by side with his ancient political feeds, and fought in their ranks with what grace he could until the year street into out of the country and climate, which hy root about intelligently in his home making politics a leading pursuit.

Governor Fenton was fond of visiting Governor Fenton was fond of visiting Governor Fenton was fond of visiting and the country and climate, which hy root about intelligently in his home making politics a leading pursuit.

Governor Fenton was fond of visiting and finding the property and climate, which his term as Governor of the country and climate, which his term as Governor of the hands two of the country and climate and the country and climate and the country and climate and the country and climate when the country and climate service in a climate and an opposition of the country and climate country and cl
